

MOTIP E-Bike Contact Cleaner

Ord.-no.: 000286

Technical Information

Clean the electrical contact points on your electric bike easily with MOTIP Contact Cleaner. E-Bike Contact Cleaner is a fast-dissolving cleaner for electrical switches. E-Bike Contact Cleaner is non-conductive, non-corrosive and leaves no residue. Before use, it is important to switch off the electrical contacts and only switch the contact on again when the cleaner has completely evaporated.

Quality & properties

- Powerful jetspray
- High dissolving properties
- Leaves no residue
- Non-conductive
- Non-corrosive
- 360° valve

Physical & chemical data

- Base: Aliphatic hydrocarbons with alcohol
- Colourname: no colour
- Smell: Characteristic
- Surfaces: Switches, Plugs, Cables (Bike)
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Vapour pressure: 5500/20 bar
- Flash point: -12 °C
- Relative density: 0.73 g/ml
- Storage stability: 10 m
- Content: 200 ML

How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- The aerosol should have room temperature.
- Best processing temperature 5 to 30°C.
- Before use, shake the aerosol.
- Switch off electrical installations before treatment.
- Spray the parts to be treated until the contamination has disappeared.
- Contaminated contact cleaner should be regarded as chemical waste
- Only switch on the electrical installation after evaporation of the solvent (minimum of 15 minutes).

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

For any further technical questions call our hotline +31 (0) 561 69 44 00 from Monday to Thursday from 9 h a.m. to 3 h p.m. or on Friday until 12 h p.m.

As of August 17, 2022 – This release replaces all eventually earlier issued versions.
